RE: February 14, 2003 letter concerning 30-Day Post-General Report
Doggett for U.S. Congress Committee: FEC No. C00286500

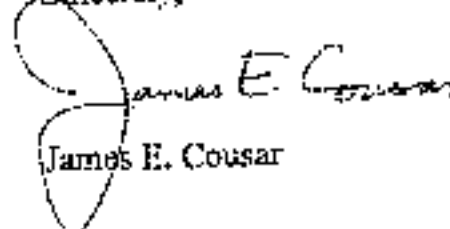

Dear Ms. Liljeroot:

This letter is in response to your query dated February 14, 2003, concerning the 30-Day Post-General Report filed by the Doggett for U.S. Congress Committee.

After careful review, I have determined that the discrepancy between the 48-Hour Reports and the Post-General Report was caused by a software error. Our software, created by NGP Software, did not generate a 48-Hour Report for the 10/20/02 \$1,000 contribution of Mr. Chi-Kao Hsu because that contribution was designated for the 2004 cycle. Contributions received within the "48-Hour Report period" that were designated for the 2002 cycle were properly reported. The campaign has alerted the software vendor to the error and, that company is modifying the program to prevent this type of omission in the future. The mistake was inadvertent.

A 48-Hour Notice Report correctly disclosing this contribution was filed electronically with the FEC on Friday, March 21, 2003. It was assigned FEC Acceptance Code 79461. Since the 30-Day Post-General Report reflects the correct information, it was not amended.

Sincerely,

James E. Cousar
